

CPTN207

Project 1B

Spring 2019

Deliverables:

Single Table Queries

- List of vehicle's vin and mileage in ascending mileage order (5 pts)
- Number of cars with less than 10,000 miles (5 pts)
- Number of cars with more than 10,000 miles (5 pts)
- Number of vins starting with J (5 pts)

Multiple Table Queries

- List of vins belonging to white cars (10 pts)
- List of vins and models manufactured by Ford (10 pts)
- List of Vins for Ford Taurus (10 pts)

A script file should be developed for each query.
